

Coloring Bookmarks and Leaving an Encouraging Word - Every child wants to feel seen and valued. By creating these bookmarks, you help us achieve this. Homemade gifts are a heartfelt gesture. By adding encouraging words, you can bring hope, joy, and inspiration to a child in desperate need.

Here's how to organize this project:

To get started, please contact Packs of Hope to request the bookmarks we use.

1. Print out the bookmarks on regular copy paper; we will laminate them for you.
2. Gather a group to color the bookmarks together.
3. Write an encouraging message on the back of each bookmark.
4. Arrange to send the completed bookmarks to Packs of Hope. If you are close to our location, you can deliver them in person, or we can arrange to pick them up from you.
